

**The Washoe School District Oversight Lie  
Read the Press Release and the truth  
Do You Think WCSD is intentionally misleading you?  
Sure seems that way!**

EDITED: By a unanimous vote during its regular public meeting, the Washoe County School District (WCSD) Board of Trustees voted to form a Capital Funding Protection Committee, a group of community members that will play a crucial role in overseeing the District's construction and repairs ("capital") spending.

"We listen to our community... said Board President Dr. Angie Taylor... and we are happy to further involve the community in this work by creating this citizen oversight panel to help direct our construction and repairs spending.

"Transparency is a matter of paramount importance to all of us at the Washoe County School District," said Pete Etchart, chief operations officer for WCSD.

## **THE TRUTH:**

There is no new committee! They took the existing Oversight committee and made the Protection committee with the exact same members. Nothing new here. Then the Oversight committee last met in 2015 and the Protection committee (same folks) only once in early 2016. Next meeting of either? None scheduled. So much for oversight!

And the committee, they didn't tell you it wasn't a true "citizen" committee. It is stacked with 6 elected politicians and 5 hand-picked persons, many representing special interests.

Clearly the Press Release is intentionally deceptive. You call this oversight?

And those elected officials. Just take an example. County Commission Bob Lucey with campaign donations over \$50,000! From who? Here are some (many repeated donations as law allows):

BOB LUCEY  
Granite Construction Comapany  
ERGS, Inc.  
NV Energy Power Company
